Globalism's Perfect Storm

By Jan Markell

Let me state at the beginning of this article that President Donald Trump is no friend of the "New World Order." He is not a globalist. He's an America-first guy. Yet, he finds himself in the midst of a crisis that is foreshadowing global government.

This spring, former UK Prime Minister, Gordon Brown, called on world leaders to form a temporary global government in response to the corona pandemic. Brown stressed the need for a task force of world leaders, health experts, and others, as well as leaders of international organizations that could have executive powers to execute the response. And, he wants an "executive" to run this new system.

At the same time, the U.N.'s Antonio Guterres called for a 10% global tax to prop up world economies. This would be an international "stimulus package." The battle cry is, "A global response for global unity so no individual country can risk infecting another."

The globalists have waited for a crisis—but who knew it would be health-related? Health is our most cherished value. If you lose it, you

lose everything. It can involve pain and suffering. If you scare enough people with health-related problems, they will melt like warm butter in your hand. They will welcome anyone—even a Mr. Fix-It—who can guarantee them the basics in life, including a vaccine that will forever protect them and spare them pain and suffering.

Someone has to lead this New World Order. The Bible says it will be a man called the Antichrist, but he is not here yet. The Church must be removed before this man-with-a-plan can appear.

Enter Bill Gates, one of the world's most prominent globalists. He is a younger version of George Soros and he is just as questionable. Sadly, he has billions of dollars to play with and he is doing so with the *Bill and Melinda Gates Foundation*. Right now their focus is a global digital ID that will be a part of a global vaccination plan. *A plan to stop Covid 19 in its tracks*. We are being told that no one is safe from Covid 19 until we get a vaccination.

Prophecy News Watch writes, "Bill Gates has emerged as a global authority in the wake of this virus crisis, funding vaccines and advising

continued on page 2

Globalism's Perfect Storm

continued from page 1

governments on how to respond to the pandemic. Gates was working to establish a global digital ID infrastructure long before the outbreak, which is now promoted as a way to combat the virus.”

The article continues, “ID2020—a project initiated by Gates’ Foundation, the Rockefeller Foundation, pharmaceutical corporations, and technology firms—is pushing the concept that every human on the planet needs biometric verification because, ‘to prove who you are is a fundamental and universal human right,’ according to the ID2020 website.”

Gates is not the only one in favor of such systems. *Director of the National Institute of Allergy and Infectious Diseases*, Dr. Anthony Fauci, who appears with Trump at the daily news briefings, recently confirmed in an interview with CNN that the idea of Americans carrying “certificates of immunity” is a possibility being considered to identify people who have been infected with the Covid-19 virus and help jump-start America’s economy in the coming weeks.

I have worked for years with freelance writer and investigative reporter Leo Hohmann who writes, “Why, in most states, are you allowed to go to a liquor store, pot dispensary, or a crowded Walmart but not to church? These are decisions the government has no constitutional grounds to make for

American citizens.

“If politicians want to infringe upon these basic rights, then they should stop being cowards and *declare martial law*, thereby formally suspending the U.S. Constitution. You don’t get to have your cake and eat it, too, snatching civil liberties while claiming the Constitution is still in place.”

Hohmann concludes, “New rules are being fashioned for us as we speak. Changes are coming for everything — how we shop for groceries, how we pay for products (*cashless?*), even how we greet our fellow man (*no handshaking!*).

“If you don’t obey these rules, you will be publicly shamed and blamed as exhibiting anti-social behaviors detrimental to the common good. The way we ‘do life’ may never return to normal if President Trump doesn’t intervene and take back the reins from these two doctors (Fauci and Birx) aligned with the vision of the United Nations, Bill Gates and a host of creepy NGOs like the *Rockefeller Foundation* and the *World Economic Forum*.”

Is ID2020 the “Mark of the Beast”? To have the “Mark”, we need a “Beast” and the Antichrist does not show up until the Church is removed in the Rapture. Is this a forerunner? It certainly could be. Are people who are pushing these systems apocalyptic players? They could be.

One-worlders occupy both

Globalism's Perfect Storm

continued from page 2

political parties in America and are prominent in all major countries of the world. One of the most obvious globalist was George H.W. Bush. Others include Henry Kissinger, John Kerry, the Clintons, Tony Blair, Franklin Roosevelt, the Rockefellers, Emmanuel Macron, Gordon Brown, the banking empires, and dozens within the “deep state.” The climate-change crowd is motivated by one-world ideas.

There are many globalist organizations starting with the United Nations but also the Bilderbergers, Club of Rome, Council on Foreign Relations, Trilateral Commission, Silicon Valley, the Vatican, and so many more. Pope Francis is called “the Vicar of the New World Order.”

Their plan is hidden in plain view on the Georgia Guidestones, erected in Georgia in 1980. The first goal is to get earth’s population down to five hundred million people! That’s bumping off almost seven billion people. *These are not nice people!*

The world is crying for a leader. The European Union is melting. On April 20 Israel finally formed a shaky “emergency coalition government” after a year of government failure. Progressives in America would much rather see America’s demise than our prosperity. Over half the world has asked the *International Monetary Fund* for a bailout. A cashless society is being pushed. A universal income is being promoted. The entire globe is reeling. World

leaders are confused and terrified. *And globalists never let a crisis go to waste!*

There isn’t a storm coming—the storm is here. The globalists will seize this opportunity to install what they think is their perfect form of government and that is a one-world system. They have a major obstacle: The Church is still here. Though there are shades of global government forming, it cannot blossom until the Tribulation. The Bible is clear that God has prepared a plan of escape for the Church via the Rapture.

I close this article with wise words from my prophecy partner Terry James. He writes, “The real pandemic facing the world today is 100 percent fatal—not only to physical life, but to life that follows physical death.

“It is the virus called **sin**. Each and every person who has ever been born on this fallen planet with the exception of One, the Lord Jesus Christ, is born with this spiritual virus. It will, for the one afflicted, without remedy, end with the person suffering the process of dying forever.

“This hellish, spiritual virus turns mankind against God. It thus brings about thinking that is upside-down—an insanity that precludes rationality. That’s what we’ve been witnessing for the last four years in particular. The Lord of Heaven has turned the anti-God forces over to

continued on page 4

Globalism's Perfect Storm

continued from page 3

a 'reprobate mind'" (Romans 1:28). Terry reminds us, "There is coming a **second new world order**. It will be ushered in by King Jesus, who will reign and rule over an Eden-like planet that He will refurbish upon putting an end to Armageddon. "Finally, at the end of Christ's reign, there will be no more pandemics that corrupt and destroy God's creation called man. The new heavens and new earth will provide the perfect environment—the utopia the globalists with their climate-change rants proclaim they want.

But they will not be around to enjoy it. Sadly, they will have succumbed to the pandemic that is far deadlier than the coronavirus."

Terry James concludes, "To avoid being terminally and eternally ill because of this terrible, spiritual virus, confess with your mouth the Lord Jesus Christ, who died for your sins. Believe then in your spiritual heart that He rose from the dead. Do this and you have God's Word on it. You are now saved." (Romans 10: 9–10)

The New World Order in Bible Prophecy

If you would like an in-depth teaching on the new world order in Bible prophecy, consider Jan Markell's DVD on the topic. She has given this message at conferences across America and Canada. It is one hour in length and gives an exhaustive history of the efforts at global government, naming leaders, organizations, tactics, and more.

Understanding the Times 2020 Conference

Presented by Jan Markell and Olive Tree Ministries

The leadership and staff of Olive Tree deliberated and prayed extensively concerning our annual conference. In that we are in times of such uncertainty with a limited number of attendees expected this fall, we feel we cannot proceed in light of the enormous cost and work load we deal with each year. Watch our website and newsletters for announcements concerning a more hopeful 2021!

Todd Starnes, radio host, author, commentator

Unless America's economic engine is restarted, we will be plunged into a Great Depression. It's hard to fathom what our country has been through over the past few months. The nation was shut down based on a *virus death-count that thankfully proved not to be accurate.*

Our diners and department stores were shuttered based on that data. Our baseball fields and church houses were closed. Our civil liberties have been stripped away because of what the medical experts told our government leaders.

The mainstream media did their part by fomenting national hysteria as part of a sick and twisted narrative that the nation was in the throes of a dystopian apocalyptic reality show.

I understand why these Democrat overlords are hesitant to relinquish their control. They have tasted of the power to decide who gets to plant a garden and who gets to surf in the ocean. They have become intoxicated by the authority they have to suspend civil liberties and order jackbooted thugs to shut down churches and appliance stores.

But I believe the Democrats also see this virus as a political opportunity to take down a president whose economic policies brought historic prosperity to this country.

Joel Rosenberg, author, commentator

Certainly there are times when God is behind the painful periods of our lives. But quite often bad things just happen. Natural disasters come, accidents occur, and viruses spread. Is God the cause of all these tragedies? No. They happen because we live in a sin-filled world that has gradually been deteriorating since Adam and Eve first bit the fruit.

Yet, when we put our eyes on God when those hard times come, his love will comfort and sustain us. These are also the times when the church grows most in godliness, focus, and commitment.

How can we tell the difference between a disaster, which God has caused, and one he has allowed? Typically, we can't. But ultimately the origin doesn't matter. Our response does.

Whether God is the actor or the reactor, when we turn our focus toward Him, He will use the difficult times to awaken us, to grow us, and to equip us to give hope and comfort to so many others who don't have the stable foundation of a relationship with him.

Gary Kah, author, commentator, global government watcher

We must shorten the cycle (flatten the curve) not only to save lives, but to deprive the far-left media of their desperate crisis narrative. The

continued on page 6

continued from page 5

globalists/socialists in the media are fomenting mass hysteria through their over-the-top sensational coverage of COVID-19. I personally believe that this is intentional. The liberal press and media, these days, almost always have ulterior motives in covering events the way they do. This is no exception.

As New York Governor Andrew Cuomo accurately stated this week during a press conference, “Crisis forces change!” The media and their political comrades on the Left understand this well and therefore operate under the guiding principle, “Never let a crisis go to waste.” The fact is, they simply can’t resist turning this health crisis into an opportunity to further their globalist/socialist agenda.

When everything is going well and the economy is humming along, it is difficult to convince the public to accept major governmental, societal, and economic changes. Why embrace drastic structural changes if there is no reason to do so, right?

But, if the Corona crisis can be effectively amplified and used to collapse the stock market, and ultimately our economy, then perhaps globalists would finally be in a position to offer their “solution” to a desperate people.

I believe this is where this crisis

is headed unless, as mentioned, we rob the Left of their narrative by swiftly defeating this virus. It will be more difficult for them to implement their agenda if things suddenly improve. But, the longer this situation drags on, the higher the probability that our economy will tank and more draconian measures will be introduced (forced upon us).

Hal Lindsey, author, commentator, TV host

Do you remember the SARS and MERS viruses? They, too, were coronaviruses and had the potential to ravage the earth. We still don’t have vaccinations against them, but they have largely disappeared. That’s what happens with these kinds of diseases. Even without human intervention, they rise and then they lose strength.

The Spanish flu pandemic of 1918-1919 infected one-third of the world’s population. It killed more Americans than World War I, World War II, Korea, and Viet Nam combined.

Jesus said that the last days would be marked by pestilences. Revelation tells about specific pestilences that will arise during the Tribulation period. As we get closer to the beginning of the Tribulation, the world seems to be primed for a series of massive global pandemics. The ease and speed of global travel is one of the biggest factors here.

**Gary Bauer, commentator,
presidential candidate**

Here is the most frightening thing of all, which almost seems like a form of insanity: People in our media, throughout the progressive left, at the U.S. Chamber of Commerce, in Hollywood, in academia and in the halls of Congress, seem to be siding with China.

We should be saying, with one voice, that what China and the W.H.O. did is unforgiveable. Whatever our policy disagreements, we should all be able to realize that the Beijing

regime is sick to its core.

But that's not happening. Nancy Pelosi says that she will reverse Trump's "illegal" defunding of the W.H.O. Multiple progressive politicians are essentially saying things like, "Trump, not China, is responsible for this crisis."

And, sadly, much of the American media are continuing to ignore what may be one of the biggest stories in decades – Communist China's cover-up of the Covid-19 crisis. *That ought to scare all of us a lot more than the coronavirus itself.*

Hoofbeats of the Four Horsemen?

By Jan Markell

According to *Lifeway Research*, many pastors are apparently having an “aha” moment due to the tide of our times. It’s about time. I am now hope-filled. They are seeing current events today as things the Bible forecast for the end-of-days. *But I maintain their pulpits could still be silent.*

Let’s be optimistic. When real church resumes, the *pulpits will boldly announce* that we are in the last days and Jesus is coming soon. Get your houses in order!

Three out of four pastors in the survey have noted that world and church events have meaning today. They include the rise in apostasy, the

love of believers growing cold, the decline in traditional morals, national conflicts, natural disasters, famines, and even the rise in anti-Semitism. *Even if they are Tribulation events, they are casting a shadow on the Church Age.*

So, is a new day in the church approaching thanks to some kind of a wake-up call? Almost 25 years ago, the church-growth movement said teaching any kind of eschatology

would not grow the church.

Pastors were encouraged to keep quiet about the soon return of the Lord. Pastor Rick Warren even said in his *Purpose Driven Life* book (pages 185-186) that teaching Bible prophecy would distract you from your purpose and make you unfit for the Kingdom of God. Pastors listened to him!

In the information produced by *Lifeway Research*, Joel Rosenberg states, “For too long, many pastors

have shied away from teaching on birth pangs and events leading up to the Second Coming of the Lord, but the current p a n d e m i c

demonstrates the need for solid, non-sensational preaching done in a biblical manner.”

The *Lifeway* report reveals that more than half the pastors expect Jesus to return in their lifetime. So *why on earth are their pulpits not proclaiming this?*

But there is more to the survey! Almost 70% of those surveyed believe the modern re-birth of Israel

and the re-gathering of millions of Jewish people were fulfillments of prophecies in the Bible.

That's great news, but that was 72 years ago. *Why haven't you been preaching that, pastors?* More than that, 40% of the pastors surveyed believe that the establishment of the U.S. Embassy in Jerusalem two years ago was a sign of the last days!

This is great sermon material! *It could get a church fired up!* But most pulpits I hear about are silent on the topic.

The most frequent e-mail *Olive Tree Ministries* receives has to do with this topic: *Where can I find a prophecy-preaching, relevant issues-focused church? Where can I find a church that is warning of things to come instead of emphasizing your best life now?*

Brent Miller, Jr. of *Ingenuity Films*, made the new Rapture-themed film production, *Before the Wrath*, because his research, which also tapped into *Lifeway*, revealed that 98% of the church will not teach on anything end-time related. Both eschatology and Israel are marginalized. *You read that right: 98%.*

Let's add one more equation into our discussion and that is what should

be obvious to every observer. The book of Revelation tells us there is coming a one-world system run by the Antichrist. That new world order requires a crisis—a global crisis, not a local crisis. We have it—a global pandemic. *Isn't this more fuel for a discussion?* As stated in the first article in this newsletter, the globalists now have a perfect storm.

The world is in meltdown mode right now and people are asking a lot of questions. We don't even know if life as we once knew it will ever happen again. *It may not!*

Pastors, are you talking about this?

The Church is to be removed before the revealing of the lawless one, the Antichrist. I maintain he is just over the horizon, raring to go. And the four horsemen of the apocalypse may be training on some race track somewhere! *You can almost hear their hoofbeats.*

Pastors, don't be silent! Maybe this is truly a new day for you. *Seize the opportunity.* Please see that all things are falling into place. Be excited. Be truthful. Don't marginalize such important news. *Connect the dots for your people.*

Jesus is returning any moment. Please stop the silence of the pulpits.

THE OLIVE TREE IS ONE OF THE STRONGEST TREES...

When the dove returned to Noah after the deluge, it carried an olive branch. The olive tree was the first to flourish! Ever since, it has been a symbol of enduring life and health.

In Romans 9 - 11 the olive tree is the symbol of the spiritual heritage of Israel and the Jewish people. By God's grace, other peoples now share equal participation in His promises of eternal life and blessing.

About Jan Markell

Jan came to faith in Christ through Jewish evangelist Dr. Hyman Appleman when she was just 11 years old. She founded Olive Tree Ministries in the 1980s. Jan has authored 8 major books with *Tyndale House*, *Baker Book House*, and *Bethany Fellowship*.
